- For use with electric or pneumatic powered impact wrenches with 12.5mm = 1/2" drive
- Impaktor technology for above-average service life
- Hexagonal profile enables precise and profile-preserving screwdriving with high power transmission
- With Take it easy tool finder: colour coding by size
- With cross-bore and ring socket for securing locking pin and locking ring of machine-operated tools

Impaktor socket for use with electric or pneumatic impact wrenches with 12.5mm = 1/2" drive. The Impaktor technology ensures above-average service life even under extreme conditions. With Take it easy tool finder with colour coding by size - for easy and fast location of the required tool. With hexagonal profile and grooved socket. The hexagon profile allows the transmission of high forces and puts less strain on the edges of bolts or screw heads than a double hexagon profile. For hexagon headed bolts, screws and nuts.

**For electric or pneumatic  
impact wrenches**

Particularly suitable for use with  
customary impact drivers

The Impaktor technology ensures  
above-average service life of the  
Impaktor socket wrench plug-ins  
even under extreme conditions.

**Cross-bore and ring socket**

Due to the groove and the ring  
socket, the tool can be secured  
with a locking pin or O-ring on the  
power tool.

**Profile-friendly power  
transmission**

The hexagon profile allows the  
transmission of high forces and  
puts less strain on the edges of  
bolts or screw heads than a double  
hexagon profile. Fine-toothed  
ratchets also make the use of a  
double hexagon profile  
superfluous, even in confined  
spaces, thanks to their small back-  
pivoting angle.

**Take it easy tool finder system**

Take it easy tool finder system -  
with profile and size colour-coding  
for quick and easy tool selection.  
Colour-coded system for hexagon  
drive screws (L-Keys, Zyklop bit  
sockets), external hex drive screws  
and nuts (Joker wrenches, Zyklop  
sockets and Zyklop bit sockets  
with holding function), and TORX®  
drive screws (L-Keys, Zyklop bit  
sockets).
