

Woodworking Set for Angle Grinders, 4 Pcs.

For low-dust milling, modelling and rasping of wood

Properties

- includes cylinder rasp, ball rasp, milling disc and extraction hood for safe, dust-free woodworking with the angle grinder
- M14 thread, compatible with customary angle grinders, Ø 115/125 mm
- made of robust C45 steel, for use on softwood and hardwood, for example by craftspersons or artists
- aggressive material removal for very fast work progress
- cylinder rasp with Ø 31.5 mm, for rasping cutouts, removing surface material such as bark, or smoothing edges
- ball rasp with Ø 31.5 mm, optimal for rasping indentations
- milling disc with Ø 50 mm for milling flats for laying cables, smoothing edges and hollowing out pockets, as well as for working on flat, convex and concave surfaces
- extraction hood made of high-quality, impact-proof plastic with vacuum cleaner connection for hose diameters from 29 to 32 mm
- including 2-component plastic case for proper storage and safe transport
- high quality made in Germany
- it is mandatory to use the highly transparent extraction hood with the tools

Instructions

it is mandatory to use the highly transparent extraction hood with the tools

Woodworking Set for Angle Grinders, 4 Pcs.

Technical data

Additional product specification	cylinder rasp: Ø 31.5 mm
	ball rasp: Ø 31.5 mm
	milling disc: Ø 50 mm
	extraction hood for 115/125 mm angle grinders
Direction of rotation	Anti-clockwise rotation

Scope of delivery

- 1 cylinder rasp for the grinder, Ø 31.5 mm
- 1 ball rasp for the angle grinder, Ø 31.5 mm
- 1 milling disc for the angle grinder, Ø 50 mm
- 1 extraction hood for the angle grinder

Packaging

2-component plastic case
