

PRO

Energy saving stapling from Rapid

R36 is a staple gun for cable installation. Suitable for low-voltage cables of maximum 50V up to 6,0 mm diameter. Now upgraded with a patented 3-step force adjuster. The force adjustment system lets professionals decide for themselves how much power to deploy on each job. Save up to 40% of effort on easy jobs with short leg lengths and turn up the power with a simple flip of the switch when required. Just like a gear box. **Save energy. Your own.**

Suitable for securing telephone, TV, alarm and speaker cables.

Features:

- Patented 3-step force adjuster
- Long service life – capable of over 100,000 actuations
- Ergonomic design
- All steel casing & mechanics
- Made in Sweden
