

CERS LED ceiling light, 16W, 1300lm, IP65, 4000K, milky PC, white

AdvitiMarka: **ADVITI** | Symbol: **AD-PL-6113WLPM4** | Ean: **5908254818684**

PRODUCT DESCRIPTION

This ceiling light is designed to illuminate rooms such as: staircases, corridors, basements, garages, warehouses, cloakrooms, etc. It can be used as outdoor lighting. The luminaire uses SMD LED diodes, which guarantee high energy efficiency and have a long service life. The presented lamp works with rated power of 16 W and emits light with luminous flux of 1300 lm. It shines with a natural white color at a temperature of 4000K. The lampshade is made of polycarbonate and is milky in colour. The degree of ingress protection IP65 guarantees sufficient protection against dust and water, therefore this garden luminaire will easily withstand

even more difficult weather conditions.

TECHNICAL DATA

General information:

Luminous flux:	1300 lm
Rated power:	16 W
Light source:	LED SMD
Degree of protection (IP):	65
Colour temperature:	4000
Nominal voltage:	230V~, 50Hz
Colour:	white
Dimensions - depth:	40 mm
Dimensions - width:	265 mm
Dimensions - height:	265 mm
Other features:	easy assembly
Colour rendering index CRI:	85
Material of the lampshade:	PC
Control of the motion sensor:	No
