FAQ

Q Can iPad Pro be used?

A Support iPad Pro2018 1080P mirror mode projection screen
the iPad output image ratio is 4:3, can not play full screen on 16:9 screen.

Q Type-C to HDMI, the display device has no sound, what should I do?

A If the connected display device (television) itself can sound, then only need to set the audio as HDMI audio output; if the connected display device (display, projector) itself can not sound, then you need to use the audio cable to connect the speaker.(for Laptop)
