

SIMPLEX Sledge Hammers • Soft metal; with cast iron housing and Hickory handle

3009.081

Product Description

The SIMPLEX sledge hammer of the series 3009 is equipped with the soft metal insert on either side.

Made of aluminium, the silver insert (series 3209) is hard, heat-resistant and a replacement for a classic lead hammer.

Made of cast iron, the housing comes with an integrated handle protection sleeve that provides for a high level of break resistance.

The long-fibre and ultra durable hickory handle is varnished and shaped ergonomically.

In line with the smart SIMPLEX principle, all components are replaceable and can be retrofitted.

This translates to savings in both money and resources.

Measuring 4,250g and 80cm in total weight and total length, respectively, this sledge hammer is available in D80mm.

Product features:

- SIMPLEX sledge hammer with soft metal inserts (silver, hard, heat-resistant) on both sides
- Cast iron housing with integrated handle protection sleeve and excellent break resistance.
- Long-fibre and ultra durable hickory handle, varnished and shaped ergonomically.
- All parts can be replaced / retrofitted, resulting in great savings in cost and resources.
- Available in D80mm (total weight of 4,250g).
- The soft metal insert is made of aluminium and replaces standard lead hammers.

Application Areas

For high impact, straightening work, mould construction, plant construction, assembly, repair and maintenance work

Material

Inserts

- Soft metal, silver
- hard
- Heat-resistant
- High impact

Housing

- Cast iron

Handle

- Hickory
