

## Data sheet Product SK 635 50 AL

Profile heatsinks and fluid coolers>Standard extruded heatsinks  
33 x 10 mm

### Features

|                     |                                                      |
|---------------------|------------------------------------------------------|
| thermal resistance: | 16.8 - 10.6 K/W                                      |
| length:             | 50 mm                                                |
| surface:            | raw degreased aluminium (by the metre raw aluminium) |
| height:             | 10 mm                                                |
| width:              | 33 mm                                                |
| plate thickness:    | 1.8 mm                                               |

### Technical Drawing
